Dear Dr. Warwick,

Thank you for writing me about the inclusion of AFST/PSYC/SOWK 255 in the CDC domain, as an additional option in the Psychology curriculum. Please note that I support this change and endorse your request to the Undergraduate Council.

Sincerely,
Carolyn Tice, Chair

Dear Carolyn,

I am writing in regard to the course AFST/PSYC/SOWK 255 *Psychology of the Black Experience in the US*. In the Psychology Major, students are required to take one course from a group of courses (see below) in the Domain of "Culture, Diversity and Context" (CDC.) We believe that student opportunity for scholarly exploration of diversity within the context of the Psychology major will be expanded by **inclusion of AFST/PSYC/SOWK 255 in the CDC domain, as an additional option.**

Following our phone call earlier today, please confirm your support of this addition to our Psychology curriculum options. Your statement of support must accompany our submission to the Undergraduate Council requesting this change.

Thanks in advance, and best wishes for a good semester.

Zoe
