EHS 345 *Death and Dying (3 credits)*

EHS 360 *Instructional Issues in Emergency Health Services (3 credits)*

EHS 400 *Emergency Health Services Theory and Practice (3 credits)*

Rationale (see instructions):

During the Spring 2019 semester the EHS Department introduced ***EHS 340 – Cultural Diversity in Healthcare*** as a new course to the University through the UGC process and was granted approval. This course was also granted approval as a GEP – Culture course by the end of the Spring 2019 semester. We, the EHS Department, would like to add it to the list of courses students could take in order to complete the EHS Minor. By adding this course we are not changing the requirements towards total credits needing to be earned in order to earn the EHS Minor. This course is planned to be offered during both Fall and Spring semesters with course offerings throughout the summer sessions also.
