

UMBC UGC Program Changes & Other Request: Computer Science Minor

Date Submitted: 8/5/2020

Proposed Effective Date: 1/23/2021

	Name	Email	Phone	Dept
Dept Chair or UPD	Jeremy Dixon	jdixon@umbc.edu	5-8866	CSEE
Other Contact	Mohamed Younis	younis@umbc.edu	5-3969	CSEE

Specifics (see instructions):

The change is the request that any student attempting a **minor** in computer science must complete at least 6 credits at UMBC **in the minor**.

Rationale (see instructions):

Currently, students who are minoring in CMSC do not have any residency requirements. As such, students are able to transfer in some number of credits from other schools and earn a minor from UMBC without ever taking a CMSC course at UMBC. As the minor will be issued from UMBC, we believe it to be important that at least some of the credits are representative of our coursework and not completely other schools.
