

UMBC UGC Instructions for New Course Request Form (revised 12/2020)

Date submitted: The date that the form will be submitted to the UGC.

Course number & title: Enter the number and title of the course at the top of the page. Contact the Registrar's Office to confirm that the desired course number is available.

Cross-listed courses: All cross-listed course numbers must be listed in the course number box. Requests to create cross-listed courses must be accompanied by letters of support via email from all involved department chairs. Proposals for new courses or the addition of a cross-listing to an existing course must include as a part of the rationale the specific reason why cross-listing is appropriate. Email from all involved department chairs is also required when cross-listing is removed and when a cross-listed course is discontinued. Please note that Special Topics courses cannot be cross-listed.

Contact information: Provide the contact information of the Chair or UPD of the department or program housing the course. If the course is not housed in a department or program, then provide the same information for the head of the appropriate academic unit. (See UGC Procedures) If another faculty member should also be contacted for questions about the request and be notified about UGC actions on the request, include that person's contact information on the second line.

Course number: For cross-listed courses, provide all the numbers for the new course.

Transcript title: Limited to 30 characters, including spaces.

Recommended Course Preparation: *Please note that all 300 and 400 level courses should have either recommended course preparation(s) or prerequisite(s) and that 100 or 200 level courses may have them.*

Here fill in what previous course(s) a student should have taken to succeed in the course. These recommendations will NOT be enforced by the registration system. Please explain your choices in the "rationale" (discussed below).

Prerequisite: *Please note that all 300 and 400 level courses should have either recommended course preparation(s) or prerequisite(s)* Here fill in course(s) students need to have taken before they enroll in this course. These prerequisites will be enforced through the registration system. Please explain your choices in the "rationale" (discussed below).

NOTE: Please use the words "AND" and "OR", along with parentheses as appropriate, in the lists of prerequisites and recommended preparation so that the requirements specified will be interpreted unambiguously.

NOTE: Unless otherwise indicated, a prerequisite is assumed to be passed with a "D" or better.

of credits: To determine the appropriate number of credits to assign to a course please refer to the [UMBC Credit Hour Policy](#) which articulates the standards for assignment and application of credit hours to all courses and programs of study at UMBC regardless of degree level, teaching and learning formats, and mode of instruction.

Maximum total credits: This should be equal to the number of credits for courses that cannot be repeated for credit. For courses that may be repeated for credit, enter the maximum total number of credits a student can receive from this course. E.g., enter 6 credits for a 3 credit course that may be taken a second time for credit, but not for a third time. Please note that this does NOT refer to how many times a class may be retaken for a higher grade.

Grading method(s): Please review the [grading methods document](#) (this link can be found on the UGC forms page) before selecting a grading option. Please do not select all three grading options by default.

Proposed catalog description: Provide the exact wording of the course description as it will appear in the next undergraduate catalog. Course proposals should be a) no longer than 75 words, b) stated in declarative sentences in language accessible to students, and c) avoid reference to specific details that may not always pertain (e.g., dates, events, etc.). Course descriptions should not repeat information about prerequisites (which are always listed alongside the course description)."

Rationale: Please explain the following:

- a) Why is there a need for this course at this time?
- b) How often is the course likely to be taught?
- c) How does this course fit into your department's curriculum?
- d) What primary student population will the course serve?
- e) Why is the course offered at the level (ie. 100, 200, 300, or 400 level) chosen?
- f) Explain the appropriateness of the recommended course preparation(s) and prerequisite(s).
- g) Explain the reasoning behind the P/F or regular grading method.
- h) Provide a justification for the repeatability of the course.

Cross-listed courses: Requests to create cross-listed courses must be accompanied by letters of support via email from all involved department chairs. Proposals for new courses or the addition of a cross-listing to an existing course must include as a part of the rationale the specific reason why cross-listing is appropriate. Email from all involved department chairs is also required when cross-listing is removed and when a cross-listed course is discontinued. Please note that Special Topics courses cannot be cross-listed.

Course Outline: Provide a syllabus with main topics and a weekly assignment schedule which includes complete citations for readings with page numbers as appropriate. Explain how students' knowledge and skills will be assessed.

Component: This is the type of instruction the course will utilize. The options are as follows: Clinical, Continuance, Discussion, Field Study, Independent Study, Laboratory, Lecture, Practicum, Seminar. Additionally, more than one component may be selected by the department. Please review the UMBC guidelines for components here: <https://registrar.umbc.edu/course-component-and-credit-hour-guidelines/>

Departmental Consent: Does this course require a student to have departmental approval noted in PeopleSoft prior to registering? If yes, please check the box. Departmental consent is a permanent addition to the course description. If the department would like consent to be administered by semester, or instructor do not check this box.

Note: the UGC form is a Microsoft Word form. You should be able to enter most of the information by tabbing through the fields. The document is protected. In the rare case that you need to unprotect the document, use the password 'ugcform'. Beware that you will lose all the data entered in the form's fields if you unlock and lock the document. <https://highpoint-prd.ps.umbc.edu/app/catalog/listCatalog>

UMBC UGC New Course Request: HAPP 375: Philosophy of Medicine

This new course request is in support of Philosophy's new course cross-listing request, PHIL 375. The APR will be Philosophy.

Date Submitted: 9/24/21

	Name	Email	Phone	Dept
Dept Chair or UPD	Sarah Chard	schard@umbc.edu	5-3380	SAPH
Other Contact	Melissa Cox	Mrose4@umbc.edu		SAPH

COURSE INFORMATION:

Course Number(s) <small>Include Cross-listed Courses</small>	HAPP 375 (crosslisted version of PHIL 375)
Formal Title	Philosophy of Medicine
Transcript Title (≤30c)	Philosophy of Medicine

Grading Method(s)	<input type="checkbox"/> XReg (A-F) <input type="checkbox"/> XAudit <input type="checkbox"/> XPass-Fail

PROPOSED CATALOG DESCRIPTION (Approximately 75 words in length. Please use full sentences.):

This course explores fundamental questions about the nature of medical care and medical knowledge. It focuses on issues concerning the aims of medicine, our concepts and theories of health and disease, medical evidence and diagnosis, the patient-physician relationship, and a variety of ethical, political, and values questions about medical research and practice. These explorations touch on and draw from the tools of metaphysics, epistemology, philosophy of science, ethics, and public policy.

RATIONALE FOR NEW COURSE:

Dr. Jessica Pfeifer plans to offer this course at least once every two years as part of her normal rotation of courses. The nature of medicine has been a topic of philosophical discussion at least since the time of ancient Greece. Philosophical issues concerning the nature of medical care and medical knowledge are especially relevant given recent debates about universal health care and the increasing role of medicine and medical care in our daily lives. Many of the central questions concerning health and disease are not merely factual, but also normative questions involving values, and philosophers are uniquely situated to identify and analyze questions concerning values. Medicine also involves scientific investigation and so the construction of testing and evidence regimes. Philosophers of science are directly concerned with such questions.

This course will be offered at the 300 level, as a survey of topics concerning the philosophy of medicine. As with all Philosophy 300-level courses, it will only have as prerequisite one course in philosophy with a grade of C or

better. This prerequisite is needed in order to ensure that students have had some experience with philosophy, philosophical concepts and methods, and also the sort of critical/analytical writing done in philosophy courses. The course is open to all UMBC students, and should be attractive not only to philosophy majors but also students in the life sciences, especially those considering careers in medicine-related fields. But we expect the course to draw widely across the campus.

The Department of Sociology, Anthropology, and Public Health is submitting this form to create the SAPH cross-listed course, HAPP 375: Philosophy of Medicine. This course will provide Public Health majors with important insights on the debates and assumptions surrounding the development and practice of medicine.

HAPP 375 will count towards electives in the Public Health major and minor.

ATTACH COURSE SYLLABUS (mandatory): see syllabus submitted with PHIL 375

Required Information for Registrar's Office Implementation:

Items below will be listed in the catalog, but do not require UGC approval. For future changes to these items, submit an RT ticket to the Registrar's Office.

Component	<input type="checkbox"/> Clinical <input type="checkbox"/> Discussion <input type="checkbox"/> Field Study <input type="checkbox"/> Independent Study <input type="checkbox"/> Laboratory <input checked="" type="checkbox"/> Lecture <input type="checkbox"/> Practicum <input type="checkbox"/> Seminar <input type="checkbox"/> Thesis Research <input type="checkbox"/> Tutorial
Departmental Consent	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> XNo
When Offered (Fall, Summer, Winter, Spring, Other*) *If Other, please describe	At least every two years in either Fall or Spring; may also be offered in some Summer and Winter sessions

Requested Effective Date (Please note that the final approval date will determine the earliest possible effective date):
October 2021: course will be offered in Spring 2022

Under what APR will this course evaluated?

PHIL's most recent APR was 2021. This course will count towards PHIL's next APR in approximately 2027
