to me, Elizabeth, Jeremy

Hi Rose,

Jeremy will shortly resubmit the Computing Minor proposal. As you would recall, it had been tabled at the last meeting of the UGC in Spring, with some minor changes in language suggested.

We have made these. In the interim, MATH/STATS also agreed to have some courses listed for the new minor, which will be a part of our updated submission. Here is the email from the chair of MATH/STAT.

regards

Anupam

Subject: Math and Stat Courses for the Computing Minor

To: Anupam Joshi <joshi@umbc.edu>

Cc: William R. LaCourse <lacourse@umbc.edu>, Jeremy Dixon <jdixon@umbc.edu>

Dear Anupam,

We consent to including MATH 447, MATH 221, MATH 341, STAT 355, STAT 433 as electives in the proposed computing minor.

Thanks

Animikh
