Add: PHIL 430: Decision Theory; PHIL 432: Philosophy of Logic

### Rationale (see instructions):

The content of PHIL 430: Decision Theory and PHIL 432: Philosophy of Logic is appropriate to the Philosophy, Logic and Science upper division certificate and we want students to be able to take either or both of them in order to meet the requirements for this certificate.

The content of PHIL 451: Consequentialism and its Critics and PHIL 453: The Ethics of Aggregation is appropriate to the Philosophy, Ethics, and Value upper division certificate and we want students to be able to take either or both of them in order to meet the requirements for this certificate.
