

UMBC UGC Program Changes & Other Request: ENTR Minor

Date Submitted: October 7, 2021

Proposed Effective Date: Fall 2021

	Name	Email	Phone	Dept
Dept Chair or UPD	George Karabatis, Director	georgek@umbc.edu	x-53940	IS
Other Contact	Kevin Fulmer Vivian Armor	kevinf@umbc.edu armor@umbc.edu	x-55740	ABCE

Specifics:

1. The Committee with oversight over the Entrepreneurship and Innovation (ENTR) Minor at UMBC proposes the addition of the following courses to count as electives towards the course requirements of the ENTR Minor:

ART 485
ART 489
BIOL 444
CMSC 447
CMSC 493

2. The ENTR Minor committee also proposes the removal of the course below, from the list of approved electives of the ENTR Minor:
ART 319

Rationale:

1. All the above courses to be added to the ENTR Minor have already been approved by UGC. As a result, the ENTR Minor needs to undergo a Program Change to include these courses as electives of the ENTR Minor program, so that students who take these courses can count them towards the ENTR Minor course requirements.
2. Also ART 319 will not be offered regularly so we propose to remove it from the ENTR Minor

Letters of Support: This document contains the permissions/approvals from the corresponding chairs - James Smalls for the ART courses (additions and removal), Philip Farabaugh for the BIOL course, and Anupam Joshi for the CMSC courses.

Hi George,

These two courses have been approved by the Visual Arts faculty to be minor electives for the ENTR Minor. They will be offered at least once every two years by the department.

ART 485 - Team-based Game Development

ART 489 - Senior Projects

The following course will not be offered regularly in the future and should be removed from the approved electives list.

ART 319 - Space and Place in Public Art and Urbanism

Thanks,

James

Dear Dr. Karabatis,

I approve the following CMSC courses offered by the CSEE department to count as electives of the requirements for the ENTR Minor. In addition, these courses will be offered on a regular basis, at least once every two years, subject to enrollment demand.

CMSC 447

CMSC 493
